Corona Virus Update 14: 25th April 2020

Dear Parents and Carers,

I hope you and your families are well during this lockdown period. I wanted to make contact again and keep those communication channels going following my Easter update.

Staff are continuing to publish lessons and projects online and some have requested support to be able to access these - which we have supported. It's great to see students attempting work and communicating with their teachers through Google Classrooms. I hope you have also enjoyed the staff rally challenge that has been published as another way of keeping our thoughts with our children during this time - this can be seen by clicking [here](#).

Although the school is not physically operating as normal, there is lots happening behind the scenes - some of which are noted below:

- We are currently working on ensuring our year 11 students are awarded accurate grades.
- Further Internal updates of the school to improve learning environments.
- Arrangements for our eventual return to ensure a swift catch-up.
- Designing a brand-new exciting Enrichment scheme to be delivered in a university-style format.
- Continued curriculum development work focussing on teaching professionalism through literacy and practice.

I and the Senior Leadership Team are keeping abreast of all national updates/guidance and will be swift in communicating any updates and changes with you.

Thank you again for the praise regarding communication and continued education our staff are offering - please continue to promote this to ensure there is no lost progress during this time.

On a final note, I would like to wish our Muslim families Ramadan Mubarak.

Keep learning, keep caring, keep safe.

D Watkin
