Corona Virus Update 23: 1st July 2020

Dear Parents and Carers,

Firstly, thank you all for taking part in the various surveys and getting in touch over this difficult period – this really helps us know if we are getting it right and/or how we can improve things whilst the school is not fully open.

- We had feedback asking for more video-type lesson delivery which we have and are moving towards but we have taken the decision not to move too far in this direction for a number of reasons – mainly the fact around not all students are able to access this provision.
- Your child should however have noticed the introduction of more visuals and video recorded delivery of some of their lesson content and is hopefully supplying them with that extra link to their teachers.
- In addition to the above, teachers are still setting, marking and responding to students and I hope this is supporting both them and you as much as we can in these circumstances. Speaking to parents and carers, I know this is a hugely difficult time on so many levels and the stress and anxiety this causes - please get in touch with the school if you need any support and we will do our very best to help.

Thank you once again for your continued feedback and support and I'll be in touch very soon with more updates.

Yours faithfully

D Watkin
Headteacher
