

12th September 2018

Dear Parent/Carer,

As your child has now started their final preparation for their GCSE and BTEC examinations we are keen to support them to ensure they are successful in reaching their full potential. We all understand the importance of revision and refinement of exam technique but following feedback from students and parents it is clear that study skills is an area which you feel needs more support.

In order to ensure we are providing students and you, as parents, with the best resources, we have invested in a series of seminars for students and parents delivered by a company specialising in revision and study skills called Elevate.

Your child will be attending their first seminar on the 26th September during the school day and we would like to invite you to attend the parent session in the evening which will cover the key points from the seminar your child has attended. The presenter will also share strategies for how the skills can be reinforced at home alongside other tips and techniques.

The parent seminar will be held on Wednesday the 26th September at 17.45, the session will begin at 18.00 and end at 19.00. We really hope you are able to attend. Please note this a session aimed at parents and carers and is not open to students.

Yours sincerely,

Miss L. Morgan
Assistant Headteacher
Achievement and Standards
