

11<sup>th</sup> February 2019

## Energy Drink Ban

Dear Parent/Carer/Guardian

Whilst we understand that students are able to make their own choices regarding healthy eating, as a school we are responsible for promoting a healthy lifestyle. In order for us to do this, as of Monday 25<sup>th</sup> February 2019 all forms of energy drinks will be banned on school premises.

The following procedure will be in place for energy drinks:

- If a student is caught with an energy drink on the school premises, it will be immediately confiscated and disposed of. (With this in mind, we suggest that students do not have energy drinks that they intend to consume outside of school time also.)
- If a student refuses to hand the drink over, a sanction will be given in accordance with the Assertive Discipline policy.
- If a student continues to bring energy drinks into school, parents/carers will be contacted and asked to attend a restorative meeting with their child's Key Stage Leader.

The above will be reinforced with students during assemblies on our first week back after February half term.

Yours faithfully,

Mr S Mitchell  
Pastoral Standards Leader
