

13th March 2017

Dear Parents/Guardians,

Year 11 Parents' Revision Evening – Wednesday 22nd March 2017 – 6pm – 7.30pm

As Year 11 approach the most important phase of examination preparation, we would like to invite you to attend our revision evening.

It is becoming clear that students' performance is raised significantly by an effective revision programme.

It is therefore important that you attend this event as your child will be sitting their examinations from May 15th to June 22nd.

We have a company joining up, Learning Performance. They are a family run business who specialise in coaching students and parents in effective ways to revise. They will be running a session in the Lecture Theatre at 6.00pm which should last no longer than 30 minutes.

Staff will then be on hand during the remainder of the evening to offer advice and guidance and share useful resources that you and your child may find helpful.

Each child that comes on the evening will be entered into a free prize draw and each family that attends will also be entered into a separate prize draw.

Winning tickets will be drawn on the evening at 7pm and numbers displayed in reception.

Prizes have been gratefully received from Vision for Education.

I would be grateful if you would please complete the reply slip enclosed and return to reception.

Yours faithfully

Mr P. Pearson
Associate Headteacher
