

## PARENT INFORMATION SESSION

### Dear Parents and Carers

Following my last letter regarding the publication of our most recent Ofsted inspection, I would like to remind you about the Information Session we holding on Thursday 31st January 2019 at 6:30pm to discuss the Ofsted report and the progress that we are already making to further improve our school. This session will be to further share aspects of the report and our plans to further improve our school. This session will not address specific student issues and will focus purely on wider school improvement and concerns relating to the report.

I, members of the Governing body, my Senior Leadership Team and a spokesperson from the Local Authority will also be present to contribute to the session. We will be available after the session to support any specific issues that we can support you with.

**In order for the session to be as productive as possible, we ask that attendees submit their issue in advance on our online form which can be accessed on the link below. Our presentation will then be based around this. The session aim will not be to address any student/family specific issues, but this can be addressed with the most appropriate Leader after the main session. All online form submissions are confidential and will not be made public.**

We have been overwhelmed by the positive feedback, well-wishes and support received from all stakeholders. It has been heartwarming to read your feedback on the many highlighted positives in the report and acknowledgement of the improvements made since 2017.

Yours sincerely

Mr Watkin  
Headteacher
