

Thursday 4th April 2019

Dear Parent/Carer,

Child's Name: _____

Subject(s): _____

At Newsome High School take the progress and the overall outcomes of our students very seriously. We are consistently looking for ways to improve what we can offer our students and creative ways to drive their improvements.

As a result your child has been selected to be part of our intervention program. They have been chosen due to their potential in the subject but also as a result of recent disappointing exam results in formal tests.

This means that over the next few months your child's progress will be tracked very carefully and additional personalised support put in place to help them reach their target. This could be in the form of additional homework, targeted revision sessions or 1:1 support on certain topics.

We would also like to invite all parents of the students selected for this intervention program to a drop in session at school on **Tuesday 9th April between 4 and 6pm**. At this meeting parents will be given information about the course their child is entered for and what will be expected of them in order for them to reach their target grade. Practical ideas and strategies will also be shared so that parents can aid this process at home.

Thanking you in advance for your support.

Yours sincerely

Mr Tim Carr
Head of Humanities
